

5 reasons why you should choose Høgre

1. Safe Environment for Growth and Development

Aurland's youth is to have a safe nurturing environment. Høgre wants to retain school and pre-school services in both Flåm and Aurland. Pre-schools services must be available year-round, with continuous intake and operating times adapted to fit parents. It is Høgre's desire that schools put focus on the quality of education and learning, building opportunities for mastery and thriving.

With no room for harassment or bullying behaviour. Høgre will work to ensure families retain the choice of schools in the Vestland region.

2. Prioritize Eldercare Services in the Municipality

In Aurland all stages of life should be cared for. The elderly should be given opportunities to be active and participate in society. Those in need of care, shall be given personalized first-rate treatment of their choice. Høgre want Aurland to at all times have enough care homes and hospice slots.

3. Yes-Council – Enable Those Who Create Workplaces

Høgre want the municipality to play ball with businesses to enable initiative, action, foster investment and sustainable development. Creating good frameworks, with simplified planning and expediated processing. Stop emissions, not development.

4. Affordable and Desirable Housing

Aurland is to be a desirable place to live for both current residents and prospective ones. Høgre wants a healthy, contented commune founded on the spirit of volunteer work and varied recreational activities. To pick up the pace on planning and building of new homes. A commune with efficient, affordable and quality services.

To reinstate the subsidization of electricity for residents, and to reimburse what was taken.

5. Empowerment of Local Electorates, and Local Cooperation.

It is an important duty to safeguard the interests of our residents, working for a safe, efficient, compassionate local government that can make its case with the regional government.

Høgre believes in the importance of involved and decisive representatives in the municipal council, the chairmanship and the commission. To strengthen the important roles in municipal administration. Høgre offers an open invitation to cooperation to develop Aurland to one of the best places to live and work.
